

CPS Research Study Status (As of May 2004)

Open Studies

IRB #	Study Title
02.005-MI	A Phase II Double-Blind, Randomized, Parallel Group, Dose Ranging Study of Subcutaneous Methylnaltrexone in Patients with Opioid-Induced Bowel Dysfunction. (MNTX 251)
02.010-SD	A Description of Home Nursing Interventions Provided to People with HIV/AIDS.
02.015-MI	A Compassionate Use Study of Methylnaltrexone in Patients with Opioid-Induced Side Effects. [MNTX 901]
02.017-ED	Relaxation Training and the Improvement of Quality of Life of Hospice Patients.
02.019-MI	A Double-Blind Placebo Controlled Study of Methylnaltrexone (MNTX) for the Relief of Symptomatic Constipation due to Chronic Opioid Therapy in Patients with Advanced Medical Illness. [MNTX 301]
03.002-MR	Retrospective Assessment of Selected NHPCO/CMMS Guidelines for Hospice Care.
03.003-MI	A Three-Month Open-Label Treatment Extension of Protocol MNTX 301. [MNTX 301EXT]
03.004-ED	Palliative Care Curriculum for 3rd Year Medical Students.
03.005-CM	Reducing End-of-Life Symptoms with Touch. [REST]

Pending Studies

IRB #	Study Title
01-003-MI	Title pending. Wendy Stein, MD
01-005-CM	Title pending. Rodney Schwan
02-001-MI	Title pending. Anna Rodriguez
02-012-PS	Bereavement Support through Education, Resources, Implementation, and Knowledge [E.R.I.K.]. Patricia van Natta, MSW
03-001-MI	Examining the Efficacy of Palliative Radiotherapy to Symptomatic Bone Metastases in Hospice Patients - A Pilot Study. Edward Chow, MD
03-008-MI	Analgesic Efficacy of Smoke Cannabis in Refractory Cancer Pain. Mark Wallace, MD
03-009-BR	Title pending. Michelle Dozier
03-010-ED	Title pending. Roger Strong, MSN, FNP
03-011-MI	A Double-Blind Phase 3, Two-Week, Placebo Controlled Study of Methylnaltrexone (MNTX) for the Relief of Constipation Due to Opioid Therapy in Advanced Medical Illness. [MNTX 302] Progenics Pharmaceuticals, Inc.
03-012-MI	A Three-Month Open-Label Treatment Extension of Protocol MNTX 302. [MNTX302 EXT] Progenics Pharmaceuticals, Inc.

Closed Studies

Closed 2003

IRB #	Study Title
03-007-MI	Not Begun. Isis Pharmaceuticals

Closed 2002

IRB #	Study Title
02-002-MI	A Comparison of Four Pain Intensity Scales Using Hospice Patients with Cancer Pain. Terri Gibbs, RN
02-003-MI	Not Begun. Allergan
02-004-MR	The Effects of Social Support on Longevity and Quality of Life of Hospice Patients. Kathryn Herbst
02-006-MI	Not Begun. Ann Taylor
02-007-MI	Communication and Quality of Care for Terminal Cancer. Wayne Beach
02-008-PS	Not Begun. Shelean Sweet
02-011-MI	Not Begun. Ethel Regis
02-013-PS	Examining the Efficacy of Support Services for Bereaved Youth: The Development of the UCSB Project LOSS National Collaborative. Amber Kaufman

02-016-SD	Phase III - National Hospice Outcomes Project. ISIS / National Hospice and Palliative Care Organization & Institute for Clinical Outcomes Research
02-018-SD	Medication Prescribing Patterns by Hospice Medical Directors Study. Jean Kutner, MD

Closed 2001

IRB #	Study Title
01-001-MR	Chart Review of Parenteral Lidocaine for the Management of Intractable Pain. Charles von Gunten, M.D., Ph.D., FACP / Gil Naco, MD
01-004-MI	Not Begun. Jill Bormann, PhD, RN, CS
01-006-CM	Not Begun. Charles Lewis, MD
01-007-SD	What Information about Hospice do Patients / Caregivers Want Most When Deciding Whether or Not to Enroll? A Proposed Multi-Site Study within the NHWG. David Casarett, MD / Ira Byock, MD
01-008-MI	Values of Patients with CHF Enrolling in Palliative Care. Paul E. Tatum

Closed 2000

IRB #	Study Title
00-001-CM	Assessment of Therapeutic Touch as a Method for Reduction of Nociceptive and Neuropathic Pain Due to Cancer Compared to Placebo and No Treatment in Terminal Phase Patients Enrolled in San Diego Hospice. Irene H. Fu, UCSD SOM Student, MSIV, Independent Study Project

00-002-ED	The San Diego Hospice Experience - A Handbook for Children About What to Expect From Hospice. Jeanette Galicinao, UCSD MSIV, Independent Study Project
00-003-PS	Psychosocial and Spiritual Symptoms among Hospice Patients. University of Colorado
00-004-MI	A Randomized, Double-Blind, Two-Period Crossover Trial Comparing the Safety and Effectiveness of Numorphan CR (oxymorphone controlled-release tablets) and MS Contin (morphine sulfate controlled-release tablets) for the Relief of Moderate to Severe Pain in Patients with Cancer (#EN3202-018). Endo Pharmaceuticals, Inc.
00-005-MI	An Open-Label Assessment of the Long-Term Safety and Utility of Numorphan CR for the Relief of Moderate to Severe Pain in Patients with Cancer (#EN3202-022). Endo Pharmaceuticals, Inc.
00-006-MR	The Effects of Social Support on Longevity and Quality of Life of Hospice Patients. Kathryn Herbst, University of California, San Diego
00-007-PS	Hospice Discharge Follow-up Study. Jean S. Kutner, MD, MSPH
00-008-MR	Terminal Agitation: It's Prevalence, Causes, and the Effectiveness of Interventions in the Hospice Setting. Tania Mieke, MSII
00-009-MI	A Study to Assess the Safety, Dose Conversion and Titration of Duragesic (Fentanyl Transdermal System) in Pediatric Patients with Chronic Pain Requiring Opioid Therapy FEN-USA-87. Janssen Research Foundation
00-010-BR	Adolescent Experience of the Sudden Loss of a Sibling: Retrospective Case Studies. Susan Rindt, PsyD

00-011-MI	<p>Proposal to Commence Clinical Trials to Test a New Palliative Drug - Hyperbaric Oxygen - Against Obligatory Enveloped Viruses: HIV, CMV, HSV, HCV.</p> <p>Mark A. Baugh, PharmD</p>
-----------	--

Closed 1999

IRB #	Study Title
99-001-MI	<p>The Effectiveness of Traditional Chinese Medicine on the Quality of Life of Terminally Ill Patients at San Diego Hospice</p> <p>Ana de Vedia, Chad Conner & Jill Blakeway</p>
99-002-PS	<p>Hospice in Nursing Homes: An Empirical Examination of its Scope and Quality Outcomes</p> <p>Susan C. Miller, PhD</p>

Closed 1998

IRB #	Study Title
98-001-MI	<p>Study of the Prevalence and Treatment of Breakthrough Pain in Patients Using Transdermally Delivered Fentanyl (Duragesic) for Management of Chronic Pain (C-98-034-00)</p> <p>Alza Corporation</p>
98-002-MI	<p>Open-Label Dose-Titration Study of E-TRANS (fentanyl) for the Treatment of Breakthrough Pain in Patients with Chronic Pain (C-98-035-00)</p> <p>Alza Corporation</p>
98-003-PS	<p>Effects of Communication About Terminal Illness on Marital Satisfaction and Quality of Life (Survey for patient and spouse)</p> <p>Laura Holcomb, Clinical Psychology Ph.D. Candidate at University of Tennessee, Knoxville, TN</p>

Closed 1997

IRB #	Study Title
97-001-MI	An Open-label Trial to Assess the Efficacy of KADIAN (Morphine Sulfate Sustained Release) Using a 'Sprinkling' Method of Dose Administration in a Hospice Setting for Subjects with Chronic Moderate-to-Severe Pain. (3394US/0004) Zeneca Pharmaceutical Company
97-002-MI	A pilot trial of once-daily oral RO93877 capsules vs. placebo in opioid-induced constipation in cancer patients. (RO93877-USA-8) Janssen Research Foundation
97-003-PS	Sequenced versus Unsequenced Emotional Expression of the Conjugal Bereavement Experience Leslie Wilson, M.A.

Closed 1996

IRB #	Study Title
96-001-MI	Pilot Study of Three On-Demand Dose Levels of Fentanyl Delivered Intravenously by a PCA Device for the Management of Breakthrough Pain in Patients with Chronic Pain (C-95-023) Alza Pharmaceutical Co.
96-002-MI	A Randomized, Open-Label, Cross-Over Trial to Compare the Efficacy, Subject Preference, and Safety of Kadian (morphine sulfate sustained release) Capsules vs. MS Contin (Purdue Frederick) in the Management of Subjects with Chronic Moderate to Severe Cancer Pain (3394US/0002) Zeneca Pharmaceutical Co.
96-003-PS	Attitudes of Social Work Students and Social Workers Toward Euthanasia and Life Sustaining Treatment Ursula Leszczynska, MSW Thesis Student

96-004-MI	An Open-Label Evaluation of the Safety and Local Tolerance of Continuous Subcutaneous Infusion of Dilaudid (20 and 50 mg/ml) Knoll Pharmaceutical
-----------	--

Closed 1995

IRB #	Study Title
95-001-PS	An Evaluation of Quality of Life and Treatment Satisfaction in Cancer Patients Receiving Duragesic, MS Contin or Oramorph Technology Assessment Group (TAG)
95-002-MI	Randomized, Single Blind Crossover Comparison Between Nebulized and Subcutaneous Morphine in the Treatment of Dyspnea in Terminal Patients Clint Pearson, UCSD MSIV Student, Independent Study Project
95-003-MI	Oral Transmucosal Fentanyl Citrate Titration and Effectiveness Study (Protocol AC 200/013) Anesta
95-004-MI	Oral Transmucosal Fentanyl Citrate Effectiveness Study (Extension Protocol - AC 200/014) Anesta
95-005-PS	Suicide Ideation Survey Deborah Lindholm
95-006-PS	The transition of parents who survive the death of a child from a terminal illness: a cross-cultural perspective. Sherlynn Owens

Closed 1993

IRB #	Study Title
93-018-MI	Open-Label Study of Senokot-S Tablets in the Treatment of Opioid-Induced Constipation in Cancer Patients: A Multicenter Study (SK91-1102) Purdue Frederick Company

Closed 1992

IRB #	Study Title
92-015-MI	Protocol for a Randomized, Controlled, Phase IV Study Comparing the Cost-Effectiveness of Duragesic and Infusional Parental Morphine in Cancer Patients Under the Care of a Home Hospice (JRD4263/0102) Janssen Research Foundation
92-016-MI	A Three-Month Open-Label Extension of Protocol No. OC91-0402B: Controlled-Release Oxycodone Tablets (Q12H) in Patients with Chronic Cancer-Related Pain (OC91-0907B) Purdue Frederick Company
92-017-PS	Determinates of Hospice Patients Place of Death Donna McCarthy, PhD

Closed 1991

IRB #	Study Title
91-011-MI	Open-Label Safety and Efficacy Study of Senokot-S in Treatment of Opioid-Induced Constipation (SK89-0804) Purdue Frederick Company
91-012-MI	Controlled Release Oxycodone Tablets (Q12H) vs. Immediate Release Oxycodone Tablets (QID): Comparative Efficacy Safety and Acceptability in Patients Previously Stabilized on Strong Opioid Analgesics for Chronic Cancer-Related Pain (C91-0402B) Purdue Frederick Company
91-013-PS	An Empirical Investigation of Death Dreams and the Psyche Among Cancer Patients Moruko Ralph-Wilkman, MA
91-014-BR	Family Factors Influencing Effective Pain Management for Cancer Patients in the Pediatric Population Betty Ferrell, PhD, FAAN & Liz Sumner

Closed 1990

IRB #	Study Title
90-002-BR	Bereavement Study Kathleen Burns, PhD
90-003-ED	Needs Assessments regarding skills of Nurses Peggy Sereda, RN
90-004-MI	Accuracy of Cutaneous Oximetry in Assessing Dyspnea in a Population of Hospice Home Care Patients Laurel Herbst, MD
90-005-MI	Utilization of the Quality of Life Closure Scale in Patients Following Palliative Treatment of Recurrent Malignant Airway Obstruction Laurel Herbst, MD & Elaine Fox, LCSW
0-006-MI	9A Cross-Sectional Study to Test the Reliability and Validity of a Severity Index Designed as an Indicator of Acuity Lawrence Piro, MD & Laurel Herbst, MD
90-007-MI	Alzheimer's Study Richard Katzman, MD
90-008-PS	The Role of Hardiness, Job Stressors and Co-dependency on Burnout Among a Population of Oncology Nurses Elaine Fox, LCSW, Pare Ware, LCSW, Mary Callaghan, RN, Molly Drummond, LCSW
90-009-PS	Factors Affecting the Place of Death of Hospice Patients Donna McCarthy, PhD
90-010-ED	Nurse's Knowledge and Attitudes about Patient Controlled Analgesic (PCA) Leslie Clark, RN, MSN

Closed 1989

IRB #	Study Title
89-001-ED	Interactive Compact Disc Simulation in Cancer Pain Management Richard Currier, MD
